

HIRING AND EVALUATION OF COACHES

The most essential factor in an educationally sound athletic program is a well-qualified coach. The coach is an important link between sports and the instructional program and the principles of Maine's system of Learning Results, between sports and character development, and between sports in school and long-term health and fitness. It is the intent of the Board that the school unit provide quality coaching in its athletic programs.

A. The Board's View of a Well-qualified Coach

Coaching is a special kind of teaching. A coach not only teaches, refines, and reinforces skills, but is also a role model for the student-athletes being coached. Beyond knowledge of the rules and fundamentals of their sport, a well-qualified coach will have organizational, communication, motivational and, especially, teaching skills. A well-qualified coach appreciates the influence that comes with being a role model and mentor and performs accordingly.

In addition to these fundamentals, a well-qualified coach:

1. Understands that, first and foremost, a coach is a teacher;
2. Is sensitive to the need of maturing adolescents and assists in their physical, intellectual, social and emotional development;
3. Recognizes that students are diverse in their characteristics and backgrounds including, age, maturity, gender, size and culture and adjusts their approach as appropriate;
4. Has a realistic sense of the level at which student athletes should be expected to perform;
5. Promotes sportsmanship, self-discipline and respect, both on and off the playing field;
6. Communicates in a positive manner rather than through intimidation;
7. Encourages competitive spirit, but not a "win at all costs" attitude;
8. Provides a fair opportunity for students to participate in competition;
9. Recognizes the difference between developmental sports programs and more intensive varsity-level sports;
10. Encourages student athletes to explore various athletic activities, both interscholastic and intramural, rather than to specialize in a single sport at an early age;
11. Recognizes the need for balance in the lives of student athletes, including academic, family and social needs; and
12. Adheres to the same standards of conduct with respect to students as classroom teachers are expected to do.

B. Coaching Job Descriptions

The Superintendent/Athletic Director will be responsible for developing job descriptions for coaches and others on the athletic staff (e.g., assistant coaches, trainers) that are consistent with the Board's view of coaching. Job descriptions will be approved by the RSU 16 School Board.

C. Hiring and Assignment of Coaches

The RSU 16 School Board delegates the hiring of coaches to the Superintendent/Athletic Director, who then informs the Board of their decisions. It is the intent of the Superintendent/Athletic Director to hire well-qualified coaches for all of its athletic programs. Because of the relationship between teaching and coaching, it will be the school unit's practice to secure coaches, to the extent practicable, from its teaching staff. If it is necessary to secure individuals from outside the teaching staff, the Superintendent/Athletic Director or shall employ only those persons deemed to have sufficient knowledge and experience to teach the fundamentals and rules of the sport, experience in working or volunteering with adolescents, and current training in sports first aid and cardiopulmonary resuscitation (CPR).
