

BROADCASTING/TAPING OF BOARD MEETINGS

The following guidelines will govern the public use of recording devices at the public meetings of the Board of Directors and subcommittees of the school unit.

Any recording device may be used by members of the public so long as it does not:

- A. Require the use of power cords and microphone cords that would interfere with the free movement of traffic into, out of, and within the meeting room;
- B. Produce continuous or periodic sounds that interfere with speakers or with the ability of all persons present to hear the proceedings;
- C. Require the occasional or frequent relocation of a microphone or microphones in such a manner as to be disruptive to speakers or other persons present; and/or;
- D. Require excessive space in the meeting room so that any participants or observers at the meeting are displaced, excluded or cannot see because of the device.

Whenever a tape or film recording is to be made of a meeting or any part thereof, the person making the tape or film shall first notify the Board Chair or the person conducting the meeting. The Chair will announce at the meeting that a member of the public is recording the meeting.

The Chair has the authority to request the operator to comply with the provisions of this policy when, in their judgment, the activity is interfering with the orderly conduct of the meeting and/or the ability of the public to observe the proceedings. If the problem persists, the Chair may direct that the recording be discontinued and, if necessary, that the recording device be removed from the meeting room.
