

**STUDENT REPRESENTATIVE TO THE SCHOOL BOARD**

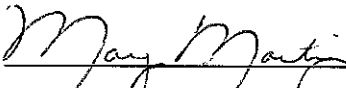

The purpose of student representation on the RSU 16 School Board is to represent the student body and offer student voice to aid in the making of collaborative decisions with other members of the school community regarding policy and culture that are consistent with the overarching vision of the school district. Student votes will be acknowledged, but not formally counted. There will be two student representatives to the School Board.

To select student representatives, the following process will be used:

1. In the fall of each year, any member of the Junior Class Council interested in running for this position will show their intent by requesting a spot on the ballot through the Student Representative Body (SRB).
2. An election by secret ballot by the full SRB will determine the student representative to the School Board.
3. With a majority vote, the elected student will serve a two-year term.
4. The purpose of selecting a junior each year is to ensure that the junior has a year of training and the senior can serve with a year of experience.
5. Priority to appear on the ballot will be given to the members of the Junior Class Council. If none are interested, then the offer will extend to juniors school-wide.
6. In the event that a representative is unable to serve a full term or fails to fulfill the duties of the position, SRB will appoint an interim.
7. If the current senior representative to the School Board is not re-elected to SRB for their senior year, the senior will remain the student representative to the School Board.
