

RSU 16 School Board
Operations Report
Craig Worth, Director of Operations
March 2018

FACILITIES

Since arriving at RSU16, I have been actively reaching out and meeting with school staff. All have made me feel welcome. During February vacation, I spent time with Tony Bennett touring PRHS and WMS, and with Gary Purington touring PCS, ESS and MCS. I was impressed with the pride and dedication of the facility staff.

While at the Elm Street School, Gary Purington informed me of an odor issue that has been going on in the school for years. One option we will be exploring is to introduce a non-toxic smoke in the drain. This will indicate whether there are leaks in the system. Perhaps this odorous mystery will be solved.

TRANSPORTATION

Throughout the State, school transportation departments and law enforcement struggle with motorists passing stopped school buses. Tom Kelly briefed me on the extended stop-arms equipped on some of the school buses. I am impressed with the effectiveness of this innovated solution.
